THE HUMAN FLY TO COME JUNE 15

HARRY H. GARDINER BIG ATTRACTION FOR CELEBRATION.

WILL CLIMB FACES OF ANY THREE BUILDINGS

Entertainment Committee of Commercial Club Secures Wonderful Man for Town Lot Anniversary.

"The Human Fly" will be in Maryville June 15 and will climb right up the face of any three buildings which the entertainment committee of the commercial club may suggest. He will be the principal attraction for the celebration of the seventieth anniversary of the sale of the first town lot in Maryville.

Harry H. Gardiner, who seems to have lost all sense of fear, is now in Denver where he has scaled the walls of the new Foster skyscraper and the Brown Palace hotel. He will come from there to Omaha, where he will remain for one week, coming here from the Nebraska city. From here he will go directly to Salt Lake City.

The Human Fly will need no introduction to Nodaway county, as he was in the city papers a great deal while working in Kansas City and St. Joseph. He spends his time and does his dare-devil feats only in the larger cities as a rule, and Maryville is only able to get him for the one day, since it is so close to Omaha.

It is not known just what buildings will be designated by the committee for the "fly" to "defy gravity" upon, but it is probable that the courthouse with the clock tower and the Michau building will be among the number.

Among the St. Joseph buildings which Gardiner climbed were the postoffice and Robidoux hotel. In Kansas City he went up the new Westgate hotel and the Long building. Streets are blocked with tens of thousands of people to see his "miraculous" work in every city.

Gardiner is probably the only man in the world who is able to do his deeds of iron nerve and steel-grip hands. He says himself that he is no longer able to thrill himself and that he does not seem to have nerves. He explains his power to pick his way up a seemingly smooth wall by the vise-like grip in the three first fingers of each hand.

He has fallen but once, that time a distance of fifty feet. He carries one scar over an eye which he received when he stumbled and fell while crossing a street.

His contract is a very liberal one. It provides that he will climb every one of the three buildings designated by the committee completely to the cornice and up onto the roof.

The Maryville habit of getting the very best is carried out in the securing of Gardiner, who comes at a large expense to the Commercial club. Ed Keck, H. L. Raines and Lawrence Schumacher are the entertainment committee of the club who are arranging for the day. A special committee of F. P. Reuillard and James Cummins are co-operating with the entertainment committee in securing the funds to pay for the event.

COME ON, BRO. MOORHEAD

Man Who Lived So Long in County and Hasn't Seen Skidmore, Big Attraction as Bryan.

W. J. Skidmore, editor of the Skidmore News, issues the following invitation to Editor Moorhead of the Hopkins Journal, who has served notice that he is going to Skidmore for the first time this summer when W. J. Bryan speaks at Chautauqua:

Come along, Brother Moorhead, we will be mighty glad to see you here any day and as we believe most of the people here have seen, heard or read about Hon. W. J. Bryan, the presence of a man who has lived in this county as long as you have and has never been to Skidmore will surely be an attraction to be noted.

We won't even ask you to behave yourself, for when you get over here and mingle with our good people—that means all of us—you can't help but be good, we know.

She has not fully decided to return for next year, but has been offered the position, and friends and patrons hope she will accept. She has a legion of friends in Bethany, among old and young.—Bethany Clipper.

Miss Carpenter has signed a contract for another year at Bethany and will probably return there. She is now in Omaha, where she will do substitute teaching in the city schools until their close in three weeks.

FRIENDS ARE CROOKS

HARRY GERSTEL ARRESTED FOR DRAWING REVOLVER.

LOST $7 WHILE SLEEPING

Two Men Sold Gun to Hollander at Shooting Gallery—Will Probably Release Him.

Harry Gerstel, who came to America from Amsterdam, Holland, eight years ago to make his home in this country, was arrested last night by Night Policeman Frank Craig on a charge of carrying and pulling a gun. From the evidence secured by Mayor Robey, it is probable the man will be released this afternoon.

According to Gerstel's story, who is on his way to the harvest fields in Nebraska with a team and wagon, intending to take up a claim in Wyoming later, he stopped off in this city to rest his team for a few days. He met two strangers at the shooting gallery, across the street from the Oak saloon, yesterday evening, and purchased a revolver from them for $1.

These two strangers later went with Gerstel to his wagon and while the Hollander was resting, prepared their supper. Gerstel went to sleep and when he awoke he found the two strangers had gone and that his money, about $7, and his tobacco, was missing.

He discovered his two "friends" at the tent show on East Third street and pulled his gun on one of them, who had a tobacco pouch similar to the one he had had. The management of the show called for the night policeman, and Gerstel was taken to the city jail and spent the night there.

The city authorities are looking for the two strangers from Creston. It is said that they are crooks.

Gerstel received a letter here from his wife who is in Bluffs, Ill. He is about 30 years old and said this was the first time he was ever arrested. He was very much upset about it. He worked for two years in Winchester, Ill, coming here from that place. He appears to be a good man.

BUILDING WAS CHARGED

SHOCK RECEIVED BY STANDING ON CELLAR GRATING.

F. R. Marcell in Photographic Studio Has Been Troubled With Electric Sparks—From Wire Probably.

There has been quite a mystery around the building formerly occupied by the Parle drug store. The building has in some way been charged with a small amount of electricity. It is not known exactly what caused this yet, but it is thought that some electric light wires have in some way become connected with metal in the building.

A person could stand on the grate over the sidewalk in front of the building and touch the iron ledge under the window and receive a light shock. Boys were trying this all afternoon yesterday.

F. R. Marcell, photographer in the second story of the same building, says that this electricity has also been bothering him occasionally for quite a while in his studio. It could be noticed in the water faucets particularly.

RAPID WORK ON BANK

Stone on South Wall Up 10 Feet and East Front Is Begun—Much Interest Still.

Stone on the new Farmers Trust Company building has been laid to a height of about 10 feet on the south wall and work was begun yesterday afternoon on the front or east wall. Some of the largest stones in the building are being placed in the entrance floor way. They are more than a foot thick and six and seven feet square.

Great interest is still being shown in the moving of the stone. A wedged-shaped hole in driven into the top surface of the stone and a wedge-shaped hook is inserted which tightens as soon as the lift begins. Every rock, cut and numbered back in New Hampshire is fitted in order into the building here.

Two thicknesses of brick are laid just behind the stone and then a layer of hollow building tile. A very adequate idea of the appearance of the south side of the building may now be obtained.

CHICKENS KNEW HER.

And Kansas Woman Had No Trouble Getting Them Back.

Wichita, Kan.—Mrs. John Matthews, residing on Kelly street, stopped abruptly in front of 312 West Third street one morning lately. Inside a chicken fence were many chickens. Among them were four large White Orpingtons. She observed them keenly.

"Those are mine," she said, satisfied, and then she sought out her husband. Together they went to city court and got out a search and seizure warrant. Then, in company with William Ballard, deputy marshal, they went back again to 312 West Third street, opened the chicken yard gate and walked into the pen.

A woman ran out on the back porch and demanded to know what business the party had in her chicken yard.

"Just came after my chickens," retorted Mrs. Matthews as she called to her "pets." The four big chickens ran up to her, and she picked them up.

"I had 'em marked with blue ribbons," she told the marshal as she lifted the feathers on the legs. Sure enough there were the ribbons!

"Yours!" said the deputy marshal. "But the judge will have to act before you can have them."

THEIR "AT HOME" IN JAIL.

Bride and Bridegroom Accused of Not Telling Truth About Ages.

Hart, Mich.—Albert White a-wooing went—went all the way from Colfax township, Oceana county, to Battle Creek. Now he's back and with him the bride he won, but they spent their "at home" period in the Oceana county jail.

Their offense against the peace and dignity of the state, as formally alleged, was that they didn't tell the truth about their ages when they got their license to wed.

The banana peel in the path of love was an angry mother. Albert slipped up and dragged down his bride when Mrs. Mary Decker, who objected to Mamie getting married, heard that the girl swore she was eighteen when she was seventeen, as her mother reckons it. White, who gave his age as twenty, is said to be nineteen.

The families lived on adjoining farms in Colfax. Decker and his family moved to Battle Creek last August.

17 SENIORS UNKISSED.

Class President Says They Are Crosses Between Heroes and Darned Fools.

Muskogee, Okla.—Of the thirty-five boy members of the senior class of Central high school in this city seventeen admit they have never kissed or been kissed.

Thomas Leech, president of the class, is not one of them. "As president of the class," he said, "I consider that the unkissed reflect great glory upon the seniors and upon Central high. As a man, speaking unofficially, I say I think they are darned fools or perhaps martyrs. That is what a martyr is anyhow—a cross between a hero and a darned fool."

The girl members of the class are, to put it mildly, astonished at the revelation. One of them declared that she was "for starting a campaign for the benefit of the seventeen," and that, if necessary, she was perfectly willing to undertake the whole task by herself.

MUST RUN TO AVOID KILLING.

Court Rules It's Murder to Stand When Life Is Threatened.

Trenton, N. J.—In an opinion filed here recently by Chief Justice Gummere sustaining a conviction of murder in the second degree the supreme court says:

"A person upon whom an assault is made so violent in its character as to endanger his life or threatens him with serious bodily harm is not justified or excusable in standing his ground and killing his assailant if he can avoid the impending danger by retreating."

The case was that of Nunzio di Maria of Harrison, who was sentenced to from twenty to thirty years in prison for shooting Frank Barber.

The charge of the trial court to the jury regarding the law of self defense was the only ground for reversal of the conviction. The instruction objected to was that the defendant had a right to save his own life.

SHIPS DOG FOR TREATMENT.

Injured Pet Sent Halfway Across Continent to Surgeon.

Milwaukee, Wis.—Struck by an automobile in a Los Angeles street, a pet house dog belonging to Charles Dyer was shipped to Milwaukee by express to be treated because the Dyer family insisted on having their family dog surgeon care for the pet.

Dr. E. M. Sullivan, who had the dog under his care, had him around again in about a week's time. A telegram from Mr. Dyer preceded the arrival of the dog. "He will not take a prize at the kennel show," said the message, "but he is one of the family."

THIEF GETS $2 AND CAKE

Prowler Gives Jess Wallace Scare at Home of Mr. and Mrs. A. B. Yates Near Burlington Junction.

Mr. and Mrs. A. B. Yates, who live on the Wagner farm south of Burlington Junction, were relieved of $2 in money and a fine cake Sunday evening, and Jess Wallace, a young man who works on the farm, was almost scared out of his skin, when a prowler entered the house, ordered Jess out and helped himself to whatever he wished.

Mr. and Mrs. Yates were calling at the home of Mr. and Mrs. Holmes Yates, two miles east, Sunday evening, and when young Wallace went to the house after doing the evening's chores he saw a man standing by the kitchen table.

The man told him to "beat it," which he promptly did, securing a horse and hurrying to the Yates home to inform his employer of the thief. Basil and Holmers drove over to the house but the fellow had cleared out—and the cake and money had evidently gone with him.—Burlington Junction Post.

THE economy practiced in the use of Ivory Soap for the toilet simply is a matter of paying 5 cents for a six-ounce cake of soap instead of 8 cents, 10 cents or 25 cents for a smaller cake of soap that cannot be a particle better.

It is simply a matter of knowing from experience that Ivory Soap is as mild and as pure as soap can be; that it agrees with the skin as well as any "complexion" soap; that it is the most pleasant and refreshing soap that ever entered a bathroom.

6-LEGGED HOG AT CLEARMONT

James Milbank Bought Curiosity and Shipped It to St. Joseph—Farrowed With All Six Legs.

Jim Milbank caused considerable excitement in town Thursday by bringing in a six-legged hog. The hog weighed 310 pounds and had six legs, sure enough. The extra legs hung limp from the left side between the natural legs.

The pig was farrowed with the extra legs and they grew and developed as the hog grew and were about the same size of the natural ones, but the animal had no use of them to speak of. It was sure a curiosity.

Mr. Milbank got the hog of Mr. Lytle, northeast of town, who raised it, and shipped it to St. Joseph Friday with a carload he shipped down that day.—Clearmont News.

You Need the Best.

Every one wishes to remain young and vigorous, but as days, weeks and years go flitting by many find themselves weakened and prematurely aged because of some obscure nervous or catarrhal trouble.

No matter whether it is Catarrh with its disastrous effects upon either the ears, nose, bronchial tubes, stomach, kidneys or bladder; whether it is nervous debility with its wrecking influence upon one's general health and happiness, or whether it is one of the other common chronic diseases, you certainly need treatment, and needing treatment you need the best.

Dr. Prettyman employs the latest and most improved methods and remedies in treating the above mentioned ailments. You can consult him free at the Linville Hotel, Monday, May 29.

Prof. Paul Becker left yesterday for his home in Columbus, Nebr., where he expects to spend most of the summer.

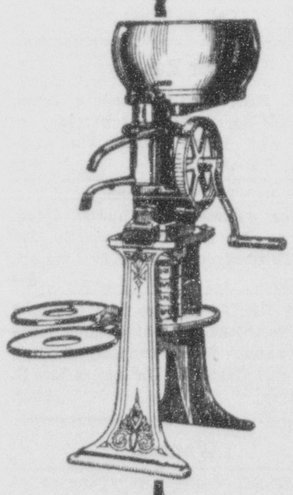
Base Your Judgment on Efficiency—Not Price



The man who spends his money for luxuries frequently becomes indifferent as to quality and durability. If it "looks good" that seems to be sufficient.

You who have been a close observer of the progress made in mechanical skimming, know that the **Anker-Holth Self-Balancing Cream Separator** has made good, and that it now heads the list of reliable and high-grade sparators. From the first it has been a revelation to those who have used other separators with varying success.

There isn't another separator made that gives such all-round satisfaction as the **Anker-Holth.** Its great simplicity, efficiency and dependability form a triple combination that has never been equalled

Normal Juniors Entertain Seniors.

The Normal Seniors were entertained by the Juniors in a most pleasing fashion, with a castle party at the State Normal School last night. Although the Seniors are fastidious in their taste, even their exacting demands were satisfied.

Something began happening at the very outset and kept happening till a late hour. For the first arrivals there was a human checker game. Did you ever see that game? It's just like real checkers only you move real people instead of blocks of wood.

The Juniors with O. C. Williams as their captain, played against the Seniors, who were captained by Ralph McClintock. The Juniors won the game, but only after a long and arduous fought battle.

Following the checker game a blood thrilling tournament was staged between Sir Launcelot (Harold Sawyers) and Don Quixote (O. C. Williams). It is supposed that Launcelot was victorious.

Although this might be classed as a "thriller" it could not be compared to the trip to Bluebeard's Closet, which

RAPID WORK ON BANK

Stone on South Wall Up 10 Feet and East Front Is Begun—Much Interest Still.

Stone on the new Farmers Trust Company building has been laid to a height of about 10 feet on the south wall and work was begun yesterday afternoon on the front or east wall. Some of the largest stones in the building are being placed in the entrance floor way. They are more than a foot thick and six and seven feet square.

Great interest is still being shown in the moving of the stone. A wedged-shaped hole in driven into the top surface of the stone and a wedge-shaped hook is inserted which tightens as soon as the lift begins. Every rock, cut and numbered back in New Hampshire is fitted in order into the building here.

Two thicknesses of brick are laid just behind the stone and then a layer of hollow building tile. A very adequate idea of the appearance of the south side of the building may now be obtained.

CHICKENS KNEW HER.

And Kansas Woman Had No Trouble Getting Them Back.

Wichita, Kan.—Mrs. John Matthews, residing on Kelly street, stopped abruptly in front of 312 West Third street one morning lately. Inside a chicken fence were many chickens. Among them were four large White Orpingtons. She observed them keenly.

"Those are mine," she said, satisfied, and then she sought out her husband. Together they went to city court and got out a search and seizure warrant. Then, in company with William Ballard, deputy marshal, they went back again to 312 West Third street, opened the chicken yard gate and walked into the pen.

A woman ran out on the back porch and demanded to know what business the party had in her chicken yard.

"Just came after my chickens," retorted Mrs. Matthews as she called to her "pets." The four big chickens ran up to her, and she picked them up.

"I had 'em marked with blue ribbons," she told the marshal as she lifted the feathers on the legs. Sure enough there were the ribbons!

"Yours!" said the deputy marshal. "But the judge will have to act before you can have them."

Bride and Bridegroom Accused of Not Telling Truth About Ages.

Hart, Mich.—Albert White a-wooing went—went all the way from Colfax township, Oceana county, to Battle Creek. Now he's back and with him the bride he won, but they spent their "at home" period in the Oceana county jail.

Their offense against the peace and dignity of the state, as formally alleged, was that they didn't tell the truth about their ages when they got their license to wed.

The banana peel in the path of love was an angry mother. Albert slipped up and dragged down his bride when Mrs. Mary Decker, who objected to Mamie getting married, heard that the girl swore she was eighteen when she was seventeen, as her mother reckons it. White, who gave his age as twenty, is said to be nineteen.

The families lived on adjoining farms in Colfax. Decker and his family moved to Battle Creek last August.

17 SENIORS UNKISSED.

Class President Says They Are Crosses Between Heroes and Darned Fools.

Muskogee, Okla.—Of the thirty-five boy members of the senior class of Central high school in this city seventeen admit they have never kissed or been kissed.

Thomas Leech, president of the class, is not one of them. "As president of the class," he said, "I consider that the unkissed reflect great glory upon the seniors and upon Central high. As a man, speaking unofficially, I say I think they are darned fools or perhaps martyrs. That is what a martyr is anyhow—a cross between a hero and a darned fool."

The girl members of the class are, to put it mildly, astonished at the revelation. One of them declared that she was "for starting a campaign for the benefit of the seventeen," and that, if necessary, she was perfectly willing to undertake the whole task by herself.

MUST RUN TO AVOID KILLING.

Court Rules It's Murder to Stand When Life Is Threatened.

Trenton, N. J.—In an opinion filed here recently by Chief Justice Gummere sustaining a conviction of murder in the second degree the supreme court says:

"A person upon whom an assault is made so violent in its character as to endanger his life or threatens him with serious bodily harm is not justified or excusable in standing his ground and killing his assailant if he can avoid the impending danger by retreating."

The case was that of Nunzio di Maria of Harrison, who was sentenced to from twenty to thirty years in prison for shooting Frank Barber.

The charge of the trial court to the jury regarding the law of self defense was the only ground for reversal of the conviction. The instruction objected to was that the defendant had a right to save his own life.

SHIPS DOG FOR TREATMENT.

Injured Pet Sent Halfway Across Continent to Surgeon.

Milwaukee, Wis.—Struck by an automobile in a Los Angeles street, a pet house dog belonging to Charles Dyer was shipped to Milwaukee by express to be treated because the Dyer family insisted on having their family dog surgeon care for the pet.

Dr. E. M. Sullivan, who had the dog under his care, had him around again in about a week's time. A telegram from Mr. Dyer preceded the arrival of the dog. "He will not take a prize at the kennel show," said the message, "but he is one of the family."

Girl Born Blind Can See.

Lehighton, Pa.—Born blind, Miss Ida Friend now can see. She has passed her twenty-fifth year. Restoration came by an operation performed at the Wills Eye hospital, Philadelphia, Mrs. Eckley B. Coxe, owner of many coal mines, bearing the expense. Surgeons say she ultimately will have excellent vision.

Find Fossil Man In Mine.

Beckley, W. Va.—Miners digging in a coal mine of the East Gulf Coal company unearthed the body of a petrified man. The fossil is a perfect specimen of the human body. It was found several hundred feet below the surface.

THIEF GETS $2 AND CAKE

Prowler Gives Jess Wallace Scare at Home of Mr. and Mrs. A. B. Yates Near Burlington Junction.

Mr. and Mrs. A. B. Yates, who live on the Wagner farm south of Burlington Junction, were relieved of $2 in money and a fine cake Sunday evening, and Jess Wallace, a young man who works on the farm, was almost scared out of his skin, when a prowler entered the house, ordered Jess out and helped himself to whatever he wished.

Mr. and Mrs. Yates were calling at the home of Mr. and Mrs. Holmes Yates, two miles east, Sunday evening, and when young Wallace went to the house after doing the evening's chores he saw a man standing by the kitchen table.

The man told him to "beat it," which he promptly did, securing a horse and hurrying to the Yates home to inform his employer of the thief. Basil and Holmers drove over to the house but the fellow had cleared out—and the cake and money had evidently gone with him.—Burlington Junction Post.

THE economy practiced in the use of Ivory Soap for the toilet simply is a matter of paying 5 cents for a six-ounce cake of soap instead of 8 cents, 10 cents or 25 cents for a smaller cake of soap that cannot be a particle better.

It is simply a matter of knowing from experience that Ivory Soap is as mild and as pure as soap can be; that it agrees with the skin as well as any "complexion" soap; that it is the most pleasant and refreshing soap that ever entered a bath-room.

6-LEGGED HOG AT CLEARMONT

James Milbank Bought Curiosity and Shipped It to St. Joseph—Farrowed With All Six Legs.

Jim Milbank caused considerable excitement in town Thursday by bringing in a six-legged hog. The hog weighed 310 pounds and had six legs, sure enough. The extra legs hung limp from the left side between the natural legs.

The pig was farrowed with the extra legs and they grew and developed as the hog grew and were about the same size of the natural ones, but the animal had no use of them to speak of. It was sure a curiosity.

Mr. Milbank got the hog of Mr. Lytle, northeast of town, who raised it, and shipped it to St. Joseph Friday with a carload he shipped down that day.—Clearmont News.

You Need the Best.

Every one wishes to remain young and vigorous, but as days, weeks and years go flitting by many find themselves weakened and prematurely aged because of some obscure nervous or catarrhal trouble.

No matter whether it is Catarrh with its disastrous effects upon either the ears, nose, bronchial tubes, stomach, kidneys or bladder; whether it is nervous debility with its wrecking influence upon one's general health and happiness, or whether it is one of the other common chronic diseases, you certainly need treatment, and needing treatment you need the best.

Dr. Prettyman employs the latest and most improved methods and remedies in treating the above mentioned ailments. You can consult him free at the Linville Hotel, Monday, May 29.

Normal Juniors
Entertain Seniors.

The Normal Seniors were entertained by the Juniors in a most pleasing fashion, with a castle party at the State Normal School last night. Although the Seniors are fastidious in their taste, even their exacting demands were satisfied.

Something began happening at the very outset and kept happening till a late hour. For the first arrivals there was a human checker game. Did you ever see that game? It's just like real checkers only you move real people instead of blocks of wood.

The Juniors with O. C. Williams as their captain, played against the Seniors, who were captained by Ralph McClintock. The Juniors won the game, but only after a long and arduous fought battle.

Following the checker game a blood thrilling tournament was staged between Sir Launcelot (Harold Sawyers) and Don Quixote (O. C. Williams). It is supposed that Launcelot was victorious.

Although this might be classed as a "thriller" it could not be compared to the trip to Bluebeard's Closet, which

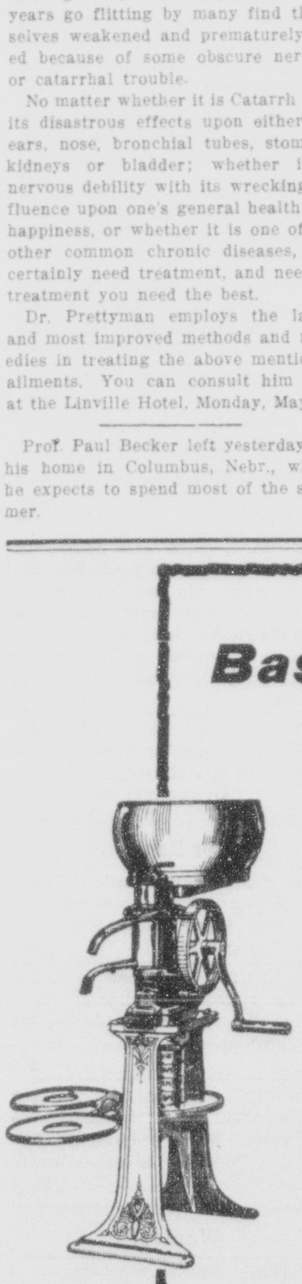
Base Your Judgment on Efficiency—Not Price



The man who spends his money for luxuries frequently becomes indifferent as to quality and durability. If it "looks good" that seems to be sufficient.

You who have been a close observer of the progress made in mechanical skimming, know that the **Anker-Holth Self-Balancing Cream Separator** has made good, and that it now heads the list of reliable and high-grade sparators. From the first it has been a revelation to those who have used other separators with varying success.

There isn't another separator made that gives such all-round satisfaction as the **Anker-Holth.** Its great simplicity, efficiency and dependability form a triple combination that has never been equalled

WHY DINING CAR CHEFS PREFER

KC BAKING POWDER

Those who have had cakes ruined by jarring the stove, slamming the oven door or a heavy footstep, may have wondered how the dining car chef can turn out such marvelous biscuits, hot breads and pastry when his oven is being incessantly jarred and jolted and shaken by the motion of the train.

To get pastry to raise and stay raised under these conditions, a baking powder must be used that continues to give off its leavening gas—*that sustains the raise*—until the dough is baked through.

Dining Car Chefs have found a baking powder exactly suited to their needs in K C and you will find it just as well suited to your requirements. K C is really a blend of two baking powders, one active as soon as moistened, the other requiring both moisture and heat to start the generation of leavening gas. No matter how moist and rich you make your cake, K C Baking Powder will sustain the raise until a crust is formed and all danger of falling is past.

K C Baking Powder is pure and healthful. It is guaranteed under all pure food laws, and is guaranteed to please you. And it is sold at a reasonable price—no baking powder should sell for more.

next ensued. This was a blood curdler. The part of the entertainment which caused the most amusement was the "museum." Here were exhibited several articles which have been missing for the past few days. "Mac's" eyeshade was there, a pair of tortoise rimmed glasses, and many other valuable articles.

As a choice collection of "bawl outs" this museum has never been surpassed. A miscellaneous program followed the visit to the museum. From the attitude of the performers, especially the Seniors and faculty participants, the program was extemporaneous.

Lowell Livengood was called on for an oration on "Why Girls Leave Home." W. J. Osburn was made to undergo the Binet test, and various and sundry other notables were called upon.

The hit of the evening was made by the Cory Twins (Bruce Wilkerson, Vida Heflin), in a vaudeville act. Following the program a delicious two-course luncheon was served.

Pure Bred Percheron Stallion Dynamo, 88054

Will make the present season 3½ miles west of Maryville, Mo., on what is known as the Dickerson farm.

DYNAMO is a big smooth black gray, foaled April 12, 1911 and weighs 2100 pounds. He has wonderful style and finish for so large a horse, yet he is a fine mover. He has superb legs and feet, broad clean cannon bones with a most powerful muscular development. He was sired by PHENIX 42215 and is considered by good judges to be one of the best sons of that famous sire. DYNAMO was first shown at 2 years old, was first in his class at the State Fair and at the American Royal he won over a 2-yr-old that was sold for $2200.00. He has since, been a consistent winner and just last fall at the State Fair he won the Percheron Society medal for the best American-bred Stallion. His colts are showing up exceedingly well, and parties having colts by Dynamo are justly proud of them.

TERMS—$15.00 to insure living colt. See him and you will be fully convinced that no better horse ever stood on such terms.
